Himadri

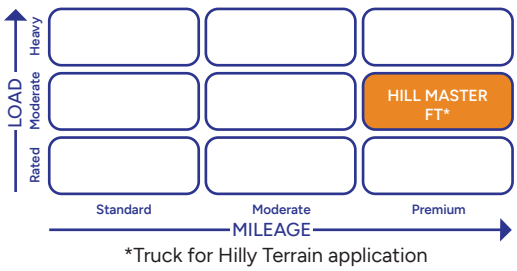

BIRLA TYRES

HILL MASTER FT

High Mileage with Moderate Load

- Continuous Wider Ribs: Smoother steering for easy turning in hill roads.
- Reinforced shoulder rib & grooves: Provides Higher load endurance
- Advanced Hill service Tread compound:
  - Superior Performance in high slip hill terrain.
  - Less wear & tear in frequent brakes and acceleration in stiff gradient during ascent & descent.
- Optimized ply insulation: Better casing value and multiple retreads.
- Robust Nylon Construction with Tough Bead Profile: Offering outstanding impact resistance and long-lasting durability.

*Truck for Hilly Terrain application
